## MicroFridge®

Valet Today Campus will rent or sell the original 3-in-1 refrigerator/freezer/microwave unit. The separate door freezer stores frozen foods for extended periods, since it is a true zero-degree freezer. This unit utilizes a single electrical outlet for operation. The MicroFridge® uses about half the electricity of two separate appliances and reduces the risk of circuit overload. MicroFridge® will be delivered to your room prior to move-in day. These units are the only acceptable microwave units allowed on campus.

## Collegiate Carpet Program

Many students try to bring carpet from home to make their rooms warmer and more comfortable since most residence hall rooms are not carpeted. This means they have to carry their carpet from home up several flights of stairs only to realize the carpet may not fit.

The Collegiate Carpet program provides a solution. We have multiple sizing options to fit your room offered at a discounted rate for students. The best thing about this program is that the carpet will be waiting in your room on move-in day. No need to haul all that weight from home.

All carpet is first quality, plush, residential, brand new and bound on all four sides. Collegiate Carpets come in five different colors to help you match the colors of your bedding: beige, gray, green, light blue and navy.

To place an order, please call 1-800-892-8729 or visit our website at [www.ocm.com/bay](http://www.ocm.com/bay).

Students simply call the mobile line at their convenience, and a University Laundry driver meets them at their residence hall to pickup or deliver their clothes. Students may also drop-off/pickup clothes at central campus locations. Clothes are cleaned within 48 hours. The "Mother's Touch" Procedure ensures superior attention to washing, drying and folding clothes. University Laundry conserves one of any student's most precious resources...time!
