KWBU-TV Highlights

THE NATIONAL PARKS: AMERICA'S BEST IDEA is a six-part, 12-hour film by Ken Burns on the history of America's national parks and the people who were willing to devote themselves to saving some precious portion of the land they loved. Pictured: Old Faithful erupting, Yellowstone National Park.

National Parks: America's Best Idea

Ken Burns' new six-part series about the history of the national parks premieres September 27th

KWBUTV will air the new Ken Burns documentary series, **THE NATIONAL PARKS: AMERICA'S BEST IDEA**, Monday - Friday, September 27 - October 2 at 7:00 p.m., with episodes repeating on the same night they premiere. The entire series will also repeat over the weekend of October 3 - 4. The 12-hour, six-part documentary series, directed by Burns and co-produced with his longtime colleague, Dayton Duncan, who also wrote the script, is the story of an idea as uniquely American as the Declaration of Independence and just as radical: that the most special places in the nation should be preserved, not for royalty or the rich, but for everyone. As such, it follows in the tradition of Burns's exploration of other American inventions, such as baseball and jazz.

Filmed over the course of more than six years in some of nature's most spectacular locales — from Acadia to Yosemite, Yellowstone to the Grand Canyon, the Everglades of Florida to the Gates of the

Arctic in Alaska — the documentary is nonetheless a story of people from every conceivable background: rich and poor; famous and unknown; soldiers and scientists; natives and newcomers; idealists, artists and entrepreneurs; people who were willing to devote themselves to saving some precious portion of the land they loved, and in doing so, reminded their fellow citizens of the full meaning of democracy.

The narrative traces the birth of the national park idea in the mid-1800s and follows its evolution for nearly 150 years. Using archival photographs, first-person accounts of historical characters, personal memories and analysis from more than 40 interviews, and what Burns believes is the most stunning cinematography in Florentine Films' history and the most contemporary footage of any Ken Burns film since **LEWIS AND CLARK**, the series chronicles the steady addition of new parks through the stories of the people who helped create them and save them from destruction. It is simultaneously a biography of compelling characters and of the American landscape.

KWBU-TV's New Daytime Line-Up Begins September 7th

Dinosaur Train premieres Monday, September 7th

Fall is a time for new beginnings whether it is a new school, new job, or new outlook on life. It is also a time for a new daytime programming line-up on KWBU-TV. Please take a look at page 10 of this month's *Program Guide* for all of the changes, but a couple of changes are highlighted here.

Charlie Rose fans will be able to catch a repeat of the previous evening's episode on weekdays at noon. Many of our viewers have asked for a repeat of *Charlie Rose*, and we are happy to be able to provide a daytime repeat for you.

KWBU-TV has also added a brand new children's program,

Dinosaur Train, to the daytime line-up. *Dinosaur Train*, an animated series for 3-to-6 year olds, features a curious young T-rex named Buddy who, together with his adopted Pteranodon family, takes the Dinosaur Train to meet, explore, and have adventures with all kinds of dinosaurs and prehistoric creatures.

If you have questions or comments about our new daytime schedule, please email KWBU at feedback@kwbu.org.

Mystery Thursdays!

On Thursday nights starting September 3rd, KWBU will broadcast a mystery at 8:00 p.m. Many viewers were accustomed to watching *Mystery!* on Thursday nights, so KWBU has brought the tradition back. Curl up in your easy chair and stay tuned for your favorite sleuths back on Thursday evenings!

America is a country built on equality and opportunity - but when equal opportunity is denied, it's time to fight back. That's exactly what a group of Chicano students did when they walked out of their East LA high schools in 1968, sending an unequivocal message to American educators and administrators that endures today.

A film with a powerful message that resonates 41 years after the events it depicts occurred, **Walkout** is the stirring true story of the Chicano students of East LA, who in 1968 staged several dramatic walkouts in their high schools to protest academic prejudice and dire school conditions. Aided by a popular and progressive young teacher, Sal Castro, Paula Crisostomo and a group of young Chicano activists battle parents, teachers, bureaucrats, the police and public opinion to make their point. Along the way, the students learn profound lessons about embracing their own identity and standing up for what they believe in. Set in 1968, a tumultuous year that shook America to its foundation, Walkout is a vivid reminder that people can change the world.

Brazos Valley Public Broadcasting Foundation

Governing Board Feature: Dr. Karla Leeper

I support public broadcasting because it provides a space for truly independent and original programming. In a complex world where so much of what the media offers us is only a fragment of what we really need to know, public broadcasting gives us the breadth and depth of information to be effective citizens of the twenty first century. Whether it is news, education or entertainment, public broadcasting expands our horizons. I am proud to be a member of a KWBU team that is committed to nurturing such a tremendous asset for the central Texas community.

Dr. Karla Leeper earned bachelor's degrees in communication studies and political science at the University of Iowa in 1985. She received a master's degree and then a doctoral degree in rhetoric and argumentation from the University of Kansas in 1993. Her areas of research are political communication, and argumentation and public deliberation.

A member of the Baylor communication studies faculty since 1992, Leeper has served Baylor in several positions, including associate professor and chair of the communication studies department. As director of the award-winning Baylor debate program, she held The Glenn R. Capp Endowed Chair in Forensics. She is a winner of the George Ziegelmueller Award for excellence in directing forensics, the Donn W. Parson Outstanding Young Forensics Educator Award and the National Federation of Interscholastic Speech and Debate Association Service Award.

Leeper has served as president of the American Forensics Association and chair of the National Debate Tournament committee.

She is active in the Waco community, serving as the director of GEAR UP Waco's Project Democracy program and participating as a facilitator in the City of Waco Visioning Project.

Saturday Marathons in September on Create™ TV

Spend your Saturdays with themed marathons

Create™ TV 's Saturdays are filled with a full day of how-to programs focusing on a specific theme. Explore a country, from history to food. Prepare for a holiday, from traditions to recipes. There's a Create Saturday to fit any lifestyle. See marathon descriptions below.

September 5: Goodbye Summer

Summer is coming to a close... But before we pack away our shorts and tank tops in the attic and put the barbecue grill in the garage, let's enjoy our favorite warm weather activities one last time. Taste the juicy fruits and vegetables that summer yields with chefs Mary Ann Esposito and Caprial and John Spence. Feel the sun on your face when you are on a picnic or at the beach with Katie Brown, Chris Kimball and Daisy Martinez. Get the last of the summer fun before its gone!

September 12: Better with Butter

Whether you like a juicy steak, succulent seafood, a rich pastry, or popcorn; a dollop of butter makes them tastes even better. Sample creamy Vermont butter with Gourmet's Diary of a Foodie host Lydia Shire, then watch Ming Tsai add miso-butter sauce to scrumptious poached shrimp. You'll find out what our chefs have known for much longer-food is simply better with butter.

September 19: The Great Outdoors

There's a world of adventure to be found when you take a trip outside. We'll visit vacation spots around the globe that have unique and amazing things to do in the open air. Julie Conover of Passport to Adventure will take you on a raft trip on the Ganges River, and then Darley Newman rides on horseback to ancient Mayan ruins in Belize. Soon you'll want to hitch a ride, sail the seas, and get away to the great outdoors.

September 26: Beats and Eats

When you have an empty stomach, let music be your guide. You'll be surprised at the fun and flavorful meals a lively tune can inspire. Mario Batali talks food and music with rocker Michael Stipe of the group R.E.M. Native American chef, Lorette Oden chows down on Cajun gumbo in the bayou while a Zydeco band sets the mood. There's no better combo for making your stomach smile than beats and eats.

V-me Fall Highlights

V-me has new episodes of *Estudio Billboard* airing this month as well as a new series for young children and parents in the afternoon, called *Eebee's Adventures* hosted by famous singer/actress, Thalia.

In *Estudio Billboard*, Top Latin music artists perform and discuss their lives, careers and the creative process. This V-me original series is hosted by Leila Cobo of Billboard. Airing Tuesdays at 9:00 p.m.

V-me is also bringing upcoming PBS shows/series to our audience this Fall including:

- LATIN MUSIC USA (October 13, 20 at 8:00 p.m.) - a film about American music. Fusions of Latin sounds with jazz, rock, country, rhythm and blues - music with deeper roots and broader reach than most people realize. It's a fresh take on our musical history, reaching across five decades and across musical genres to portray the rich mix of sounds created by Latinos and embraced by all.
- IN THE HEIGHTS, CHASING BROADWAY DREAMS (Sunday, October 25 from 7:00 - 8:00 p.m.; encore 10:00 -11:00 p.m.) - Follows the cast and creative team from the musical's small start to its Tony Award-winning status.
- A Film by Ken Burns, THE NATIONAL PARKS: AMERICA'S BEST IDEA premieres in November on V-ME (every Wednesday night beginning November 4th from 7:00 - 8:00 p.m.) - The film works its way chronologically through the history of the national parks featuring characters -- some famous, most not, from every walk of life -- who dedicated their lives to insuring all could enjoy these places.

V-me can be found on over-the-air digital channel 34.4, Time Warner Cable channel 459 and Grande Communications channel 284.
